Vac Attack!

HIGH-POWERED INDUSTRIAL VACUUMS AND VACUUM LOADERS

Trailer-mounted or Skid-Mounted Cyclones & Baghouses

Hoppers for combining with vac trucks for loading caustics or abrasives, bulk product, contaminated materials, or into roll-offs, bulk bags or onto conveyors.

VecLoader® Titan Series Mini-VecLoader Series To 5,600 CFM and 28" Hg.

Versatile wet/dry trailer-mounted vacuums with the power and performance of a vacuum truck at a fraction of the capital and maintenance cost.

Skid-Mounted Cyclones & Baghouses

Cyclonic Baghouses and Separators to match to existing vacuum systems or as a companion module to PM Power Modules or other blower packages.

VecLoader Spartan® Series

Compact and powerful vacuums. Unique design allows loading into hoppers, drums, or other collection devices.

HydroVacs and Specialized Systems To 3,600 CFM and 28" Hg.

Intermediate Separators

Vector offers a wide range of drum fillers, self-dumping hoppers and intermediate separators for varied collection options.

Systems for Use with Vac Trucks

Easily transportable hoppers, baghouses, classifiers, HEPA filter banks and other modules to enhance the versatility of vacuum trucks.

PM™ Power Modules

Quiet Power Modules to match to cyclonic baghouses, separators or other collection devices. Compact power and performance with conveyance capabilities to 5,600 CFM/28" Hg.

CST™ Series Vacuum Systems

Self-contained portable vacuum systems. Load into dumpsters, gaylords, processing systems and conveyors. Power ranges from 25 to 300 Hp and to 3700 CFM/28" Hg.
