

Date:

General Information:						
Company		Contact			Title	
Street Address		City, State, Country			Zip or Postal Code	
Phone #		When Is Equipment Required?			What Is Your Budget?	
Fax #						
Brief Description of Company Activities						
Application:						
Explain Application Need						
Current Handling Method						
Required Material Conveyance Distance? Feet or Meters						
Required Material Conveyance Rate? Tons/Day Tons/Hr Gallons/Hr. Other						
Desired System Configuration Road Legal Trailer Portable Stationary Electric Diesel LP						
Equipment Configuration Restrictions Length Width Height Weight						
Equipment Location Indoor Outdoor Describe any hostile elements below Ambient Temp Fahrenheit or Celsius Min Max						
Job Site Elevation Feet or Meters						
Required Material Storage Capacity Cubic Feet or Cubic Yards or Cubic Meters None Required						
Conveyed Material Disposed Hourly Daily Weekly Continuous Intermittent Other						
Material Discharged Into? None Hopper Truck Drum Other						
System Duty Cycle: Hours/Day Continuous Intermittent						
Electrical Requirements Volts Phase Cycles Weather-resistant Explosion-proof (Class , Division)						
Compressed Air (Clean, Dry) Available? Yes or No Available CFM PSI						
Do You Require A Hard Piping System? Yes or No						
Required Number of Hose Pick Up Points # Maximum open concurrent points						
Maximum Sound Level: Decibels @ 10 feet (3 meters) Mandatory or Desirable						
Material Properties:						
Material Description and type of material				Hygroscopic		Yes
				Abrasive		Yes
Bulk Weight Lbs/Cubic feet or Kgs/Cubic meters Other				Explosive		Yes
				Flammable		Yes
Product Flow Characteristics Wet Dry Sticky Slurry				Acidic		Yes
Particle Size: Min Max Max size is % of total				Corrosive		Yes
Moisture % By Volume				Hazardous		Yes
Temperature: Fahrenheit or Celcius				Toxic		Yes
Cohesion Slight Extreme				Material Safety Data Sheet Available: Yes or No		
Other Comments:				Other Material Characteristics form: Yes or No
